Camp Fire Child Care & Development Center has been **providing quality child care** to the community for more than 18 years. A leader in early childhood education, Camp Fire implements **developmentally appropriate learning practices**. This approach to learning ensures each child is being challenged in all four areas of development (social/emotional, cognitive, physical and language) while learning about the world around them.

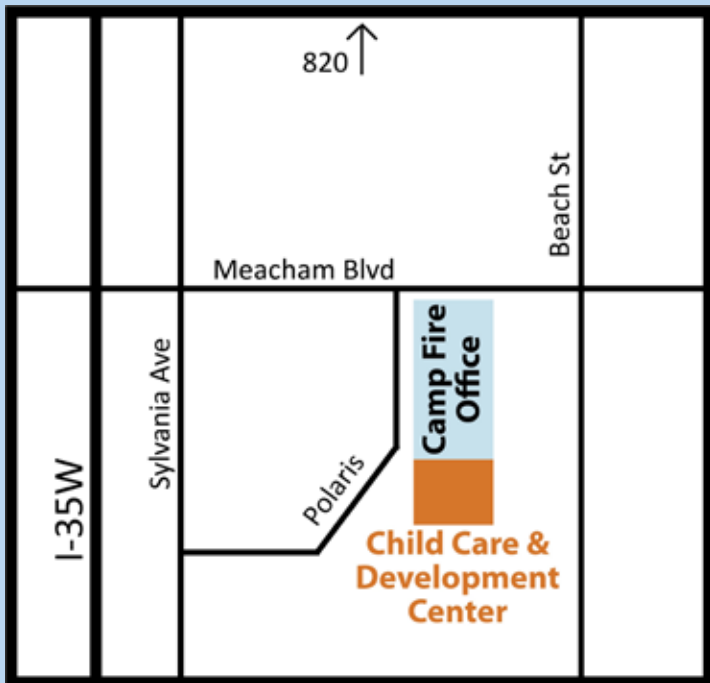

From birth through Pre-K, our team of staff and teachers are committed to the **happiness, and social and emotional development** of your child.
