Parents must call the on-site program by 1:00 p.m. each day to report their child's absence from the afterschool program. Attendance is taken within five minutes of the children's arrival and a missing child causes concern. If a child does not come to the program as intended afterschool, the parents will be notified immediately.

DHS AFTERSCHOOL STUDENT OFF-SITE BUS PICK-UP NOTIFICATION POLICY

Parents must notify site staff via text or email to the site phone if their child will not need to be picked up by the Camp Fire bus no later than noon on the day their child will not need to attend. If staff is not notified a \$15.00 fee will be automatically charged. Failure to pay the non-notification fee may result in termination of enrollment.

WITHDRAWAL

A minimum of two (2) weeks written notification to the registrar must be given for withdrawal from Camp Fire First Texas Afterschool or Summer Program. This allows the opening to be filled as soon as possible without loss of fees. By keeping enrollment capacity, fees are kept to a minimum for all participants. If you do not provide withdrawal notice, you could incur an additional cost. Any child not attending for two consecutive weeks without parent contact will automatically be dropped from enrollment. For the child to be re-enrolled an opening must be available and the parents may have to pay the registration fee.

UPDATING INFORMATION

Parents are able to make adjustments to the information in their account by emailing Afterschool@CampFireFW.org or going into their registration account to make updates.

SNACKS/LUNCH

A nutritious snack is served afterschool to all children.

During full-day or summer programs, children are required to bring a lunch. Please do not send sodas, candy or gum. State Licensing requires parents to provide the daily nutritional needs for their child if it is not provided for them.

Camp Fire programs are NUT FREE and will not provide any snacks that contain nuts. Please do not send children with snacks or lunches that contain nuts of any kind.

NUTRITION PROGRAM PRACTICES

- Liquids and food hotter than 110°F are kept out of children's reach
- All staff are educated on food allergies and they take precautions to ensure children are protected
- On days that providers serve meals, prepared food that is brought into the program, to be shared among children is commercially prepared or prepared in a kitchen that is

- inspected by local health officials
- Healthy snacks (as listed by Texas Department of Agriculture) are available for school-aged children as children arrive.
- At DHS on days that providers serve meals, milk, fresh fruit and vegetables are available for children who bring lunches from home.

PROGRAMMING

Camp Fire programming allows youth to explore their personal interests, learn to make healthy choices, develop social skills, and have fun. Program content:

1. Is age-appropriate
2. Has intentional outcomes
3. Includes activities that provide progression or sequential learning

Through staff and child interaction, daily rituals/expectations, and curriculum, participants are exposed to Camp Fire First Texas' three social impact areas of Work (to be a good citizen), Health, and Love (and respect of the outdoors and our environment) and individual impact area of Thriving. The effect of these collective activities will help create caring, confident leaders who are actively involved with their families and other adults. Individuals will also have a better understanding of their inner passions, skills and attributes (or "sparks") to stimulate personal growth and discover their full potential.

Program staff prepare the after-school environment for youth to learn through active exploration and interaction with adults, other children and materials. Learning activities and materials are concrete and relevant to the lives of school-age children. Staff will increase the difficulty and complexity of an activity as children develop increased understanding of the activity. The daily schedule allows segments of time for indoor and outdoor self-selected activities and smaller segments of time for group activities, snacks, homework assistance, and routines. Program staff provide a balance of rest and active movement for children throughout the program day.

The environment is arranged in interest centers consisting of Science, Technology Engineering, Art, and Math in addition to outdoor education and social/emotional learning activities. During indoor center time, children select activities that interest them. Program staff observe the children and interact with them to support, extend and clarify learning. In addition, guest speakers and field trips are built into the curriculum as appropriate. Outdoor activities are coordinated as weather permits.

Program staff often plan the day and week around a topic or issue. Outdoor experiences and service learning opportunities are provided for children of all ages. Concepts related to the topic are presented through activities in the interest

centers. Emphasis is not placed on children acquiring facts or information about the topic; rather, the intent is to help children use the basic processes necessary for learning. These processes include observation, asking questions, perceiving common relationships among objects, problem solving, and understanding cause and effect. Children now, and in the future, will use these processes as they learn about their world.

QUALITY

Camp Fire uses a nationally recognized tool program assessment called the Program Quality Assessment designed for youth programs by the Weikart Center for Youth Program Quality (www.cypq.org). Your child's program will receive visits from these well-vetted Camp Fire staff who may also offer professional development and coaching out in the field to support staff in quality program implementation.

SCREEN TIME

Camp Fire follows state licensing standards for screen time in the program.

BEHAVIOR

Code of Conduct

Children are expected to adhere to all school and district policies. Camp Fire First Texas will adhere to the policies of the school and district as well. The Code of Conduct is to ensure that each child's behavior is consistent with school rules.

Guidance & Discipline Practice Policy

Our goal for children is to help each child develop the internal control needed to manage himself / herself. Therefore, we use the following positive guidance techniques:

- Modeling appropriate behaviors
- Setting clear and reasonable limits that protect the child's safety and welfare, the rights of others and the environment
- Acknowledging appropriate behavior
- Encouraging verbalization and problem solving by providing positive suggestions, choices and/or redirection

When a discipline problem occurs and persists, the following actions may be taken:

- The Site Director will complete an Incident Report Form and discuss with the parent and the child
- Parents will be called for a conference.
- Parents may be requested to pick up their child for the day
- A behavior agreement may be completed outlining the unacceptable behavior and consequences
- The child may be suspended or released from the program at the discretion of the Vice President of Youth Development

If a child is suspended from school, he/she may not attend Camp Fire First Texas Afterschool/Summer Programs during the suspension period.

Corporal Punishment

Camp Fire First Texas has a strict policy against corporal punishment: "Under no circumstances will corporal punishment be allowed within programs operated by Camp Fire First Texas." And, "The Site Director of any Camp Fire program shall not use, nor permit any person to use corporal or other cruel, harsh or unusual punishment, or any humiliating or frightening method to control the actions of any child or group of children. No child of any age shall be shaken, hit or spanked."

GRIEVANCE PROCEDURE

Camp Fire recognizes that disputes may arise regarding the Afterschool and Summer Programs. If you have a complaint, please follow these steps until the problem is resolved:

1. Verbal discussion with Site Director
2. Verbal or written grievance to Director, Afterschool Programs
3. Verbal or written grievance to Vice President of Youth Development
4. Verbal or written grievance to Chief Program Officer
5. Verbal or written grievance to President/CEO of Camp Fire First Texas
6. Written grievance to Camp Fire First Texas Board of Directors.

OUTDOOR PLAY

Health experts agree that cool or damp weather is rarely harmful to children and going outdoors for fresh air is essential. If the temperature dips to 40° or below during the fall and winter months, the children will likely be kept indoors. We do take into consideration the "wind chill factor" and will encourage your child/ren to button coats and wear hats/gloves if they are provided. Often times we bundle up and take a brief

walk outdoors and then return to indoor activities. During the summer months when the temperatures are high, we take precaution on ozone alert days. If an ozone alert is announced, outdoor activities will not be permitted.

Camp Fire First Texas often operates a program at a public school that is regulated by the Texas Department of Family and Protective Services, Child Care Licensing. Our program is regularly inspected and is required to meet the standards required by TDFPS, Child Care Licensing. However, when located in a public school the playground equipment may not meet the minimum safety requirements for active play equipment as stated in the Minimum Standards for School-Age and Before or After-School Programs. The safety of your child is our number one priority and we have plans in place to protect all the children in our care, including daily playground inspection and training staff to ensure proper supervision.

FIELD TRIPS

Field trips are considered an important part of our program during breaks and holidays. Camp Fire First Texas will ensure the safety of all children on field trips or excursions off-site. Anytime children are taken from the facility where care is provided, Camp Fire will adhere to the licensing standards for compliance.

Minimum Standards 746.3001:

Notification of the field trip will be posted 48-hours in advance of a field trip indicating:

- Name of location
- Scheduled time to leave and return

Minimum Standards 746.3003:

Child/Caregiver ratios will be in compliance to minimum standards.

Your written permission for your child to participate in such activities is part of this agreement. As a safety precaution, no child will be released during a field trip away from the on-site care program.

TRANSPORTATION

Camp Fire First Texas may provide transportation for your child at select schools/programs during the school year. Camp Fire will provide transportation services when needed for field trips or other off-site activities during summer or other school break programs using Camp Fire vehicles or school buses from a local school district.

SWIMMING

During the summer, swimming may be offered at times during field trips. The following safety precautions will be followed at the pool:

- A minimum of two life-saving devices must be available
- Drain grates must be in place, in good repair and must

not be able to be removed without using tools

- Pool chemicals and pumps must be inaccessible to any child
- Employees must be able to clearly see all parts of the swimming area
- The bottom of the pool must be visible at all times
- An adult must be present who is able to immediately turn off the pump and filtering system when any child is in the pool, and
- All indoor/outdoor areas must be free of furniture and equipment that any child could use to scale a fence or barrier or release a lock.

PERSONAL BELONGINGS

Children participate in active play and should dress accordingly. All items (clothing, school supplies, etc.) should be marked with the child's first and last name. Camp Fire First Texas is not responsible for personal belongings or clothing that becomes lost or damaged, including any laptops, Chromebooks, or similar electronic equipment used for schoolwork. Please remind your children of the importance of keeping up with their laptops and make sure they are labeled with your child's name.

Minimum Standards

The Minimum Standards required by Texas Licensing may be found at the Parent Table or online at: <https://www.hhs.texas.gov/sites/default/files/documents/doing-business-with-hhs/provider-portal/protective-services/ccl/min-standards/chapter-744-school-age.pdf>.

CHILD ABUSE AND NEGLECT REPORTING

The Texas Department of Family and Protective Services require that Camp Fire First Texas staff report suspected cases of child abuse. This includes the reporting of parents whose abilities appear to be impaired by drugs or alcohol. The child abuse hotline is 1.800.252.5400 or the local Licensing office may be reached at 817-321-8604. Department of Family and Protective Services website: www.dfps.state.tx.us

EMERGENCY PREPAREDNESS PLAN

In the event of an emergency, the first responsibility of staff is to move the children to a designated safe area or shelter known to all employees, caregivers, and volunteers. Children will be re-located by walking or by bus through the school district. Children in attendance will be accounted for at the designated safe area: The site director will take the attendance sheets accounting for each child in attendance at the program, and each program specialist will take the child-count notebook listing the current specific children in their

supervision on the evacuation.

Attendance will be taken three times 1) when exiting the building 2) once when they are off the school property or on the bus and 3) once having arrived at the evacuation location using the sign in/out sheets as the primary and the child-count notebooks as the secondary current child/count document. The site director or designated person in charge will take the children's binder which includes parent emergency contact number for each child, authorization for emergency care for each child and the sign in/out sheets for child tracking information for children in care.

PHOTO & EDITORIAL RELEASE STATEMENT

I give my permission for my child and/or I to be photographed and/or videotaped by Camp Fire and other organizations or individuals approved and/or accompanied by the Site Director for purposes of advertising, public relations and family enrichment. I agree that any photographs, statements or video becomes the exclusive property of Camp Fire First Texas and I waive all rights thereto. I waive all rights to inspect and/or approve any published matter that may be used in conjunction with the content and the use to which it may be applied.

Parent Guidelines for Photography

To respect all children's privacy, we ask families to follow these guidelines to ensure our children, youth and staff remain safe.

It is always best to post pictures or videos of only your own child. If you have pictures or videos of multiple students that you would like to share it is best to seek parental permission. Parents do not have permission to videotape or photograph a program activity for personal use, even if it is their own child unless expressly asked to do so by the staff.

Thanks for your understanding and respect for child and familial privacy.

HEALTH

Camp Fire First Texas is not licensed to provide care for children who are ill; therefore, we will not accept a child who has a fever of 100° or more. If your child exhibits diarrhea, vomiting or fever within the last 24 hours, or exhibits an undiagnosed rash, abnormal breathing, drainage from eyes, or a thick green discharge from the nose, we ask that you keep your child at home. If your child begins to exhibit any of these symptoms while attending the program, you will be called to arrange pick up immediately. For the safety of the other children, please pick up your child within one hour of our phone call.

Please contact the program immediately if your child has a communicable disease. When a communicable disease is reported, a note will be posted to inform other parents of possible exposure. If a child has head lice, the hair must be properly treated and all nits removed before the child can return to the program.

Your child's immunizations must be up to date at all times unless noted by a physician. The elementary school keeps your child's records on file; therefore, all updates need to be addressed with the school administrators.

For summer programs you must submit a copy of a current shot record to the Site Director.

Medication

All medications to be administered by Camp Fire staff will need to be in its original container. All prescription medications must have its RX label indicating the child's name, the medication, the dosage, and the physician's name and number. No medications will be administered unless an Authorization for Dispensing Medication Form is completed and signed by the parent. Camp Fire staff will NOT administer over-the-counter medication.

Sunscreen and Insect Repellent

It is important to protect your child against extended sun exposure without protection as well as protect them from insects. We ask that families send their child to school each day with an initial application of both sunscreen and insect repellent for our morning outside time. We will apply a second time before the children go outside in the afternoon. Families will need to supply all sunscreen and insect repellent for their child. Please note that the center has several children enrolled who have asthma therefore we do not allow aerosol spray cans. We will require an annually updated sunscreen and insect repellent waiver for each child enrolled in the center.

Medical Emergency

In case of a medical emergency, Camp Fire staff will call 911 and contact the parent. First Aid treatment and CPR will be administered if needed. If the child is transported to the hospital, staff will take the child's emergency medical release form and accompany the child to the hospital. Staff will stay at the hospital until the parent/guardian arrives.
